ARGENTA PLUS

New plinth design

Greater functionality, easier installation
and optimised use of space

NEW DESIGN, QUICKER ASSEMBLY AND GREATER FUNCTIONALITY

- Plinth made of rolled steel, primed and painted in anthracite grey RAL 7016.
- Corner covers in polyamide 6, with an embossed finish in anthracite grey RAL 7016.
- Covers fixed by clipping, with no screws or tools required
- Faster assembly and disassembly.
- More space between the corner pieces to facilitate access and transport.
- Customised design with the IDE logo.
- Compatible with Argenta Plus floor-standing cabinets.
